

# EMI™

## Eye Movement Integration™

is a brief, effective approach which produces lasting results. **You will learn to treat PTSD, phobia, anxiety, addictions, critical incidents, and other clinical issues—often in one to three sessions!** Importantly, follow-up visits are rarely needed.

EMI™ is a practical, short-term intervention which, unlike other eye movement methods, *does not require or encourage age regression, nor does the therapist have to know the content being treated, thus avoiding concerns of false memory and/or the likelihood of re-traumatizing your client.*

The EMI™ approach is “co-active” and encourages the client to use her/his own strengths and personal resources. Also, the EMI™ technique can be paired with diverse methods and incorporated into the framework of each individual practitioner.

Originally introduced by Robert Dilts in 1981 as Eye Movement Resource Utilization, the EMI™ approach is an innovative and very effective process drawn from Ericksonian Hypnotherapy, NLP, Brief Solution-Focused Psychotherapy, and well-known brain function research. Eye Movement Integration therapy EMI™ is currently being used successfully by thousands of therapists throughout the country.

## You will learn:

- § **The principles** on which EMI™ is based and the essential skills required to utilize the technique successfully.
- § **How to gather and organize** the required information from the client and how to use EMI™ as a short-term treatment method.
- § **How to individualize** the EMI™ approach to fit each client’s unique needs.
- § **How to use alternative methods** such as *Visual-Kinesthetic Dissociation* and *Pattern Interruption* techniques when needed in addition to EMI™.

## Participant Comments

*Respectful, intelligent, competent training! I just let go of a 33 year-old anxiety. That is priceless!*

Barbara A. Bruno, Ph.D.

*A terrific workshop! It was beautifully presented in a way that I could easily incorporate. The EMI™ techniques are now part of my everyday practice, and best of all, they are truly effective.*

Nelson S. Howe, M.A., A.C.E.T.

*Excellent. I have attended many seminars & workshops, but never have I gotten my \$ worth like this!*

Carla Sizemore, M.S.

*I was troubled by PTSD that was causing me increasing distress despite years of psychotherapy. During the Eye Movement Integration™ seminar I volunteered to be a demonstration subject and after an amazingly brief intervention, the response is gone. It has been 2 months since the seminar and I have had no recurrence. It is wonderful!!*

L. Merl, LICSW

## Registration

Fee: **\$139.00 with registration.** (\$99.00 each for enrollments in groups of 3 or more) \$150.00 at the door. The fee includes lunch on Saturday, all handout materials, and refreshments. *A refund, less a \$65.00 fee, will be made when a written request to withdraw is received at least 15 days prior to the event.* After that date, no refunds can be made, but tuition can be credited to any future AHTA or ACCD enrollment. Lodging and meals, other than Saturday lunch, are the responsibility of the participant. **In the unlikely event a workshop is cancelled, full tuition refund will be made.** Ron Klein & AHTA, Inc. and ACCD assume no responsibility for any further expenses incurred by enrollees.

Enroll online at [www.seeACCD.com](http://www.seeACCD.com) or fill out this form and mail or fax it today.

## The Trainers

**RON KLEIN, NBCCH, CT-NLP, CAAC**, is a Certified Trainer in NLP and an approved Continuing Education Provider. He is a nationally recognized teacher of clinical hypnosis and brief solution-focused psychotherapy. Ron has twenty-six years experience as a counselor and teacher. He has presented hundreds of workshops and provided training to more than 5800 mental health and health care professionals.

**ROBBY CARROLL, M.DIV., L.M.F.T.** and **SUE BOARDMAN, R.N., M.DIV., D.MIN.**, of the Atlanta Center for Counseling & Development, are engaged with Ron Klein in the NLP Master Trainer process. They work with individuals, couples, families, and teens using a variety of treatment modalities, including clinical hypnosis, NLP, and EMI. **The Shallowford Family Counseling Center** is co-hosting the event.

**Who should attend? Mental health and health care professionals, university students in related fields, clergy, pastoral, and substance abuse counselors, *who want step-by-step instruction with supervised practice in these techniques which can be put to immediate use with clients.***

**Certification and CEU's:** *Participants who complete the program will receive a formal certificate of achievement, and 11 hours of continuing education.* The American Hypnosis Training Academy is an approved provider by the American Psychological Association to offer C.E. credit for psychologists and The National Board for Certified Counselors to provide C.E. credit for Licensed Professional Counselors (Provider #5284; It is the responsibility of the provider to abide by NBCC guidelines) and the National Association of Social Workers (258CMR.31.00, D20, 641). LMFT and LCSW core hours applied for.
